Q4. (b) [8 marks]

The turnover of GINI is Rs. 120 lakhs of which 80% is on credit. Debtors are allowed one month to clear off dues. A factor is willing to advance 90% of the bills raised on credit for a fees of 2% a month plus a commission of 5% on the total amount of debts. GINI as result of the arrangement is likely to save Rs. 1,00,000 p.a. in management costs and avoid bad debts @1% on the credit sales. A bank has come forward to make an advance equal to 90% of the debts at an annual interest rate of 18%. However, its processing fee will be 2% on the debts.

Would you accept factoring or the offer from the bank?
